I HELP FARMERS GET FARM LOANS

My name's Andre Ouimet. My grandpa was an apple farmer. One season he had a bad harvest. The bank he was loyal to for years turned its back on him. He lost the farm and moved our family to the city. To this day, my dad still chokes up as he tells the story of how the bank seized our ancestral home. I know how hard farmers work. I know how hard my grandpa worked. It was NOT his fault. He needed a temporary helping hand and no one was there to help him. Because of my family history, I wanted to do something to help farmers, so I became a licensed Mortgage Agent with

EXPERT MORTGAGE. Now I can help farmers **ACROSS ONTARIO.** I can access other lenders as well as bank lenders. I specialize in agricultural lending. I have over 300 private lenders as well as bank lenders to talk to for your mortgage needs.

Even if you have BAD CREDIT & NO PROOF OF INCOME, I can still help you

I REPRESENT OVER 300 LENDERS

Many provide 1st, 2nd and 3rd mortgages **even with:**

- Horrible Credit
- Mortgage Arrears
- Self-Employed
- Bankruptcy
- Property Tax Arrears
- Pension & Disability
- Unemployed
- Power of Sale

FARM OWNERS!

Call NOW for FAST, EASY CASH!

CALL ME EVEN IF EVERYONE ELSE HAS SAID NO!

With over 300 lenders at my disposal I can get you a mortgage even with...

- Bad credit
- Poor cashflow
- Power of sale
- Mortgage arrears
- Tax arrears
- No financials

Most banks underwrite loans using standard commercial lending guidelines that don't make any sense for farms. Coming from a farm family, I understand the farming community.

Send me a question online at www.iHelpFarmers.ca

or email me at

andre.ouimet@expertmortgagebroker.com

Talk to me if you'd like to...

- Buy more land or new equipment
- Repair or construct new buildings
- Refinance your existing debts

I can offer qualified farmers...

- Up to 75% of full farm value
- Up to 30 year amortization
- Operating lines of credit

Rubin 10

Heliodor

With 20" discs and a working depth of 4", the Heliodor can turn a ploughed or lumpy field into a seedbed in a single pass or make a harvested corn field planter-ready with one fall and one spring pass.

Rubin 10

The superior clearance and unique symmetrical arrangement of 25" discs ensures the Rubin 10 can work in organic matter to a depth of 6" without drifting. That saves fuel and optimizes GPS guidance.

Call us for more information. Check out the new and used LEMKEN equipment on our lot today. It won't last long.

PROTECT YOURSELF FROM FRAUD
IF IT SOUNDS TOO GOOD TO BE TRUE - IT PROBABLY IS!

CERTIFIED CHEQUES

You might think this is acceptable, but it's not. Never accept a certified cheque as payment. These can be manually produced. Scammers often "accidentally" send too much money, tell the recipient to keep the cheque and then send them the balance (sometimes to a third party).

Remember, never provide too much information. Avoid giving credit card numbers over the phone or text; age, address, family member info, or marital status. Use cash whenever possible. Test your buyer or seller to see if they actually know about the product they are buying or selling. Local is best. Trust your gut, but research who you are dealing with.

CERTIFIED CHEQUES

You might think this is acceptable, but it's not. Never accept a certified cheque as payment. These can be manually produced. Scammers often "accidentally" send too much money, tell the recipient to keep the cheque and then send them the balance (sometimes to a third party).
