Hay Handler

HAY HANDLER INFO
& SALES CALL LLOYD
519-335-4135

You already know how weather-dependent making premium hay can be. It's the Hay Handler's job to work on your side, making the most of the haying windows the weather permits you. With it, you can merge invert, fluff or windrow your cut swaths.

But what sets the Hay Handler apart is the ease with which it handles hay pickup. With it, you can pick up a 10' wide swath of hay that has been laid out by your discbine and reduce its drying time. With the hay handler, you can mow in the morning and do haylage in the evening.

The ultimate Universal Tillage® machine - THE INCITE® 5100 SERIES TOOL.

FEATURES

- Adjustable gang angle 3°, 6° and 9°
- Adjustable reel depth. From disk blade depth to 8" above bottom of the disk blade
- Exclusive 28-wave reverse crimped blade with ResidueRazor™ edge
- UHMW axle rock shaft pivot bearing
- Firestone® radial tires with 3 year stubble warranty
- Rolling baskets have adjustable down pressure and operating height to adapt to different field conditions
- A narrow disk gang C-spring reduces plugging
- Shields to reduce chance of plugging at disk gang C-springs
- Articulating ball hitch standard on 20' to 40' models. Tighter fit to tractor draw bar reduces wear
- Pintle hitch standard on 12' and 14' models.

This tool has the flexibility to adjust to different soils and crops such as corn, beans, and wheat with ease which lets you start sooner and finish earlier saving you time and money.

McFarlane Manufacturing has a well-earned reputation for building a wide variety of field preparation tools. The INCITE® 5100 Series is the pioneer in seedbed preparation. The versatility of this tool allows the grower to accomplish in a single pass what once took multiple passes with different machines. Achieving the optimum seedbed has never been easier.

Two recent "Incite" sales in South Western Ontario involve a 14-foot model that had a McFarlane reel disc trade-in and a 20-foot model that matched power availability of our customer's current tractor. Both customers liked the five section function of the McFarlane "Incite", including two sections of incisor disk blades capable of 6 inches penetration and on the go angle change from 3 to 9 degrees with a McFarlane Dura-Reel in between, the 2nd disc gang is followed up by a 3-bar spike harrow and a rolling basket which gives a perfect five function level seed bed. Call me for a demonstration of our in-stock demonstration model 'Incite' or our in-stock McFarlane Cobra Reel Disc, Quadra-Till, Folding Harrows or our 15' Cover Crop Crimper. Visit our McFarlane display at the Outdoor Farm Show in Woodstock, Sept. 12, 13 & 14, 2023. I look forward to explaining McFarlane features to you.

I HELP FARMERS GET FARM LOANS

My name's Andre Ouimet. My grandpa was an apple farmer. One season he had a bad harvest. The bank he was loyal to for years turned its back on him. He lost the farm and moved our family to the city. To this day, my dad still chokes up as he tells the story of how the bank seized our ancestral home. I know how hard farmers work. I know how hard my grandpa worked. It was NOT his fault. He needed a temporary helping hand and no one was there to help him. Because of my family history, I wanted to do something to help farmers, so I became a licensed Mortgage Agent with

EXPERT MORTGAGE. Now I can help farmers **ACROSS ONTARIO.** I can access other lenders as well as bank lenders. I specialize in agricultural lending. I have over 300 private lenders as well as bank lenders to talk to for your mortgage needs.

Even if you have BAD CREDIT & NO PROOF OF INCOME, I can still help you

I REPRESENT OVER 300 LENDERS

Many provide 1st, 2nd and 3rd mortgages **even with:**

- Horrible Credit
- Mortgage Arrears
- Self-Employed
- Bankruptcy
- Property Tax Arrears
- Pension & Disability
- Unemployed
- Power of Sale

FARM OWNERS!

Call NOW for FAST, EASY CASH!

CALL ME EVEN IF EVERYONE ELSE HAS SAID NO!

With over 300 lenders at my disposal I can get you a mortgage even with...

- Bad credit
- Poor cashflow
- Power of sale
- Mortgage arrears
- Tax arrears
- No financials

Most banks underwrite loans using standard commercial lending guidelines that don't make any sense for farms. Coming from a farm family, I understand the farming community.

Send me a question online at www.iHelpFarmers.ca

or email me at

andre.ouimet@expertmortgagebroker.com

Talk to me if you'd like to...

- Buy more land or new equipment
- Repair or construct new buildings
- Refinance your existing debts

I can offer qualified farmers...

- Up to 75% of full farm value
- Up to 30 year amortization
- Operating lines of credit

HAY FLUFFERS

Up to
50 ACRES
per hour
with triple unit

Telescopic wings
accommodate 3
swaths from most
mower widths

Unique fluffing action gently lifts the hay up off the ground to dramatically reduce drydown time.

Proven results show less leaf loss, less bleaching, plus a more consistent, uniform drydown occurs when using a Field Master hay fluffer.

PROTECT YOURSELF FROM FRAUD

IF IT SOUNDS TOO GOOD TO BE TRUE - IT PROBABLY IS!

BE WARY OF TEXTING

Some scammers prefer texting over talking on a phone. Don't accept this mode of conversation unless you are comfortable with this method of communication.

Remember, never provide too much information. Avoid giving credit card numbers over the phone or text; age, address, family member info, or marital status. Use cash whenever possible. Test your buyer or seller to see if they actually know about the product they are buying or selling. Local is best. Trust your gut, but research who you are dealing with.
