JEMBROOK WELDING

CALL GREG AT
519-669-5772

**EQUIPMENT THAT
PUTS YOU ON
THE LEADING EDGE**

Easily handles straw, haylage, clamp grass and maize silage. It's compact but with surprising large capacity for 2 round bales up to 6ft diameter. Material can be directed to exactly where it is needed with less waste.

COMMON FEATURES

- Trailed or mounted. All welded construction, no ledges for material to hang on.
- Swivel chute with 270° of rotation, all electric controls from the tractor cab.
- Rear remote control to tailgate and floor conveyor for easy loading.
- Deep fan, to throw/blow straw, or feed fodder over a barrier or in a feed trough.
- Will handle straw, silage (chopped or baled), hay and haylage, driveline protected by shear bolt, slip & overrun clutch.
- Any shape of round or square bale up to 5ft (1.54M) wide or 3.20 meter (10.40ft) long.

COVERING WHAT MATTERS TO YOU

Provides natural light & increased air quality for livestock

Custom designs and colors that are easily expandable

15 year prorated warranty on standard fabric options

Tasco Dome is a world-class leader in fabric covered buildings. These robust **CSA-A660 certified steel structures** are built to stand up to the toughest elements with square tubing that is hot dipped galvanized for **superior corrosion protection**.

COST SAVING

Longevity and low maintenance requirements of the structures help lower operating costs.

RELIABLE

Designs are approved by independent engineers to provide complete confidence in structural integrity.

SUPPORT

A network of approved dealers will be with you every step of the way, from providing a free quote, to design and installation.

Hay Handler

HAY HANDLER INFO
& SALES CALL LLOYD
519-335-4135

You already know how weather-dependent making premium hay can be. It's the Hay Handler's job to work on your side, making the most of the haying windows the weather permits you. With it, you can merge invert, fluff or windrow your cut swaths.

But what sets the Hay Handler apart is the ease with which it handles hay pickup. With it, you can pick up a 10' wide swath of hay that has been laid out by your discbine and reduce its drying time. With the hay handler, you can mow in the morning and do haylage in the evening.

HFL FABRICATING

BIOMASS BUILDER

The Biomass Builder Row unit provides an economical way to add cover crops to your side dress application, for a timely, consistent emergence of your cover crops. It is also being used in relay cropping of wheat and soybeans.

Typical 28% application with coulters and knife. Change 28% knife to a dry fertilizer knife or to a 3rd row of cover crop. 2 or 3 rows of cover crop at changeable row widths. Adjustable depth control. Press wheels to preserve moisture in the summer. 30" clearance height.

■ Various applications: ex. strip till freshening. ■ Relay Cropping wheat and soybeans.

A FAMILY BUSINESS FOR OVER 40 YEARS

I HELP FARMERS GET FARM LOANS

My name's Andre Ouimet. My grandpa was an apple farmer. One season he had a bad harvest. The bank he was loyal to for years turned its back on him. He lost the farm and moved our family to the city. To this day, my dad still chokes up as he tells the story of how the bank seized our ancestral home. I know how hard farmers work. I know how hard my grandpa worked. It was NOT his fault. He needed a temporary helping hand and no one was there to help him. Because of my family history, I wanted to do something to help farmers, so I became a licensed Mortgage Agent with

EXPERT MORTGAGE. Now I can help farmers **ACROSS ONTARIO.** I can access other lenders as well as bank lenders. I specialize in agricultural lending. I have over 300 private lenders as well as bank lenders to talk to for your mortgage needs.

Even if you have BAD CREDIT & NO PROOF OF INCOME, I can still help you

I REPRESENT OVER 300 LENDERS

Many provide 1st, 2nd and 3rd mortgages **even with:**

- Horrible Credit
- Mortgage Arrears
- Self-Employed
- Bankruptcy
- Property Tax Arrears
- Pension & Disability
- Unemployed
- Power of Sale

FARM OWNERS!

Call NOW for FAST, EASY CASH!

CALL ME EVEN IF EVERYONE ELSE HAS SAID NO!

With over 300 lenders at my disposal I can get you a mortgage even with...

- Bad credit
- Poor cashflow
- Power of sale
- Mortgage arrears
- Tax arrears
- No financials

Most banks underwrite loans using standard commercial lending guidelines that don't make any sense for farms. Coming from a farm family, I understand the farming community.

Talk to me if you'd like to...

- Buy more land or new equipment
- Repair or construct new buildings
- Refinance your existing debts

I can offer qualified farmers...

- Up to 75% of full farm value
- Up to 30 year amortization
- Operating lines of credit

Send me a question online at www.iHelpFarmers.ca

WAITE" HYDRAULIC DECOMPRESSION TOOL

The original "Waite Tool" is made to relieve pressure in hydraulic lines by clamping onto the male Quick Disconnect tip, the large wingnut is then turned to press in the ball or poppet of the tip while directing the pressurized fluid away from the user. This tool is safer than any other method and eliminates the risk of potentially deadly fluid injection into the skin.

Made in the USA

ALUMA FORKS

- Strong lightweight aluminum
- Fits on any compact tractor
- 1400 pound capacity
- 35 inch working area
- Stabilizer bar included

QUICK HITCH

Changes your lift arm to a hook type.

- Installs over the end of each lift arm. Category 1 or 2.
- No more back straining or pinching fingers to position implements
- Faster and safer hook ups and releasing of 3 point implements

INTRODUCING THE NEW R5X
 Loader Mount Straw Chopper

- New with the R5X:
- Straight-forward Hydraulic Operation
 - Larger Diameter
 - No Electric Controls Required
 - Lighter Weight

With loader-mount and self-propelled models, Picus round or square bale straw choppers deliver consistent, finely chopped bedding directly into cow stalls, pens or poultry barns. Razor-sharp knives cut and discharge in one smooth motion.

RT SERIES GEN:3 TRACK LOADERS

FOLD-UP DOOR • This patented new design provides cab-to-canopy versatility, all while maintaining low clearance and a Level II FOPS certification.

IDEALTRAX™ • The IdealTrax™ Automatic Track Tensioning System automatically tensions the tracks when the engine is started and during operation, eliminating manual tensioning and tension checks.

DEDICATED CHASSIS • Custom built for superior weight distribution to enhance stability, grading, tractive effort, and ride control.

PERFORMANCE DRIVEN • Raise the bar with class leading tractive effort and ground clearance. Paired with massive breakout forces, these machines are your greatest allies on the job.

FOR SEEDBED PREPARATION AND MORE
LOOK TO LEMKEN

Heliodor 9

Rubin 10

Heliodor 9

With 20" discs and a working depth of 4", the Heliodor 9 can turn a ploughed or lumpy field into a seedbed in a single pass or make a harvested corn field planter-ready with one fall and one spring pass.

Rubin 10

The superior clearance and unique symmetrical arrangement of 25" discs ensures the Rubin 10 can work in organic matter to a depth of 6" without drifting. That saves fuel and optimizes GPS guidance.

Call us for more information. Check out the new and used LEMKEN equipment on our lot today. It won't last long.

Get cash back¹
 or
 Low-rate financing²
 or
 Pre-order to save big

Hurry, offers valid until the end of the year.

1 Cash back amounts vary and are applied at time of sale. Cash back offers are only available when financing purchase with CNH Industrial Capital America LLC or CNH Industrial Capital Canada Ltd. 2 For Commercial use only. Customer participation subject to credit qualification and approval by CNH Industrial Capital America LLC or CNH Industrial Capital Canada Ltd. See your participating New Holland dealer for details and eligibility requirements. Down payment may be required. Not all customers or applicants may qualify for this rate or term. CNH Industrial Capital America LLC and CNH Industrial Capital Canada Ltd. standard terms and conditions apply. Canada Example: The interest rate will be 0% for 12 months. Total contract term is 12 months. Based on a retail contract date of October 1, 2022, with a suggested retail price on a new Roll-Belt 560 of C\$117,678 customer provides down payment of C\$23,535 and finances the balance of C\$94,143 at 0% per annum for 12 months. There will be 12 equal monthly payments of C\$7,845.25. The total amount payable will be C\$117,678, which includes finance charges of C\$0. Taxes, freight, setup, delivery, additional options or attachments not included in suggested retail price. Offer is nontransferable. Offers end December 31, 2022; subject to change or cancellation without notice. © 2022 CNH Industrial America LLC. All rights reserved. CNH Industrial Capital and New Holland are trademarks registered in the United States and many other countries, owned by or licensed to CNH Industrial N.V. its subsidiaries or affiliates.

FRAUD TIP OF THE MONTH

PROTECT YOURSELF FROM FRAUD

IF IT SOUNDS TOO GOOD TO BE TRUE - IT PROBABLY IS!

DON'T BUY OR SELL SIGHT UNSEEN!

If you were buying a car, wouldn't you want to test drive it, check for rust, see if there's an engine? It holds true for every other product or animal on the market.

Remember, never provide too much information. Avoid giving credit card numbers over the phone or text; age, address, family member info, or marital status. Use cash whenever possible. Test your buyer or seller to see if they actually know about the product they are buying or selling. Local is best. Trust your gut, but research who you are dealing with.

GRAVITY TOTES w/ 3" ball valve, \$200. Del avail. 519-535-1312.

2007 GRAIN BIN, 55000BU, c/w new aeration floor, new unload auger, & new fan; disassembled. 705-799-7262.

NI 801 COMBINE, like new. 519-355-4627.

JD 9500 COMBINE, \$24850. 519-581-8035.

GEARCASE COVER

Fits all John Deere Combines made from 1989 models 9000 to current s700 with open vertical unloading gearcases. When new the gearcase housing is open to dirt.

Causing noise, vibration, premature gear wear and components coming loose as well as cracks to structural housings.

This cover when installed covers and retains 4 tubes of corn head grease to continually lubricate moving components. Decreasing noise and wear gears.
