BearClaw

EASYVEY

Hay Handler

THE LATEST IN BALE SHREDDING

The all-new BearClaw Bale Processor is a bale shredder and blower unlike other bale processors. One of the BearClaw's most note-worthy features is it's absence of knives. No more sharpening knives when you should be in your barn bedding your cows. The BearClaw utilizes a nifty hook and screen setup to provide a long lasting shredding system.

BearClaw
BALE PROCESSOR

Hay Handler

You already know how weather-dependent making premium hay can be. It's the Hay Handler's job to work on your side, making the most of the haying windows the weather permits you. With it, you can merge invert, fluff or windrow your cut swaths.

But what sets the Hay Handler apart is the ease with which it handles hay pickup. With it, you can pick up a 10' wide swath of hay that has been laid out by your discbine and reduce it's drying time. With the hay handler, you can mow in the morning and do haylage in the evening.

DON'T BE DISAPPOINTED... PRE-ORDER YOUR CONVEYOR EARLY!

Seed Transport Tube Conveyor

Gently handles fragile soybeans, peas, seeds and other delicate crops

- Model 8"/26' & 8"/31' are standard sizes
- New product line, models 10"/31' & 10"/41'
- Hopper height adjustable to fit gravity wagons or tote bags
- 10" wide crescent top belting runs inside 8" tube
- Conveys materials up to a 30° Incline
- 3 stage telescopic down-spout adds to your filling convenience
- Hydraulic or electric powered
- Other sizes made to order

OPTIONS AVAILABLE - ELECTRIC DRIVE, WINCH WITH OPTIONAL BRAKE, 15" TIRES

SMALL START. BIG FINISH.

Marcrest
Manufacturing Inc.

Ultimate Small Bale Packaging System

1-519-887-9910

www.marcrestmfg.com

Small square bales are one of the highest demanded form of bales used across North America. Unfortunately, they are also the most expensive to produce. Until now. The Bale Baron by Marcrest Manufacturing takes regular 14 and 16 inch bales and packages them into time saving bundles of ease. Our Bale Packs are designed to stack efficiently into van trailers, are tightly bound using regular baling twine and are easily handled by loaders and forklifts.

NEW!!

Now offering custom doors in a wide choice of panel styles for an enhanced appearance. Ideal for homes, equestrian facilities, cottages, etc.!!

Preframed no rot door is an insulated interior or exterior door made of 100% Cellular Vinyl PVC engineered to resist extreme weather conditions. It cuts like wood – nails better than wood, won't split or crack. Strong, durable and termite proof. Moisture resistant with no sanding or prep work necessary.

Low maintenance, factory finished and with door lock prep.

Left or right hand inswing or outswing with stainless steel hinges. 9 lite window, clear glass window, or solid slab.

Standard or handicap sill available.

A Must See Stove!!

The "ULTIMIZER"

The reinforced 2 1/2 inch thick refractory cement surrounding the fire provides:

- A hotter environment for more complete combustion.
- A cleaner, more efficient burn.
- Reduced moisture, creosote and corrosion.
- Lower emissions without the EPA pricetag.

*The Original Efficient Green One
Since 1973
...is now a sectional stove!*

Customer Testimony

We decided to purchase the Portage and Main Furnace. The Head office has been great to deal with and we got the new stove in our yard when we really needed it. We got it hooked up and have been more than pleased. We can say the the BL3444 is comparable in the wood consumption to our previous gasification stove. The blower under the fire box is great and cleaning the unit is a breeze. This unit is very well designed and built. The Portage and Main furnace, BL3444, is our third boiler and we finally got it right!

Thank you to Brain Martin and his team.
Jim and Robin McRae - Vankleek Hill, Ontario

I am happy to have made this purchase on the Ultimizer BL28-45 outdoor wood furnace. It is very efficient and easy to maintain. This furnace is of great quality. I would highly recommend this product.
Terry Staples Grand Lake, NS

PEX-FLEX

Dual PEX-Flex is a pre-insulated pipe complete with bonded polyurethane foam insulation and smooth polyethylene jacket. It is ideally suited for hydronic heating applications including outdoor wood furnaces. Supplied in coils, this seamless 2-in-1" (supply & return bundled together) pipe system is economical, simple to install and highly effective even in harsh soil conditions.

THE NEW SKIDS ON THE BLOCK: GEHL R SERIES MID-SIZE SKID LOADERS

Three all-new additions to the R Series Skid Loader line combine the reliability and features the industry has come to expect from Gehl. These skid loaders feature an all-new operator station with an integrated digital display, new load arm design with increased visibility, Tier IV engines and several serviceability enhancements.

Find us on

GEHL

SPLITS LOGS BOTH WAYS

Self contained, 3-point-hitch or skid steer mount, all Split-Fire log splitters feature a unique 2-way splitting action from the knife that splits wood in both the forward and reverse stroke, doubling productivity and saving time!

These safe, compact 2-way log splitters prevent dangerous wood fly-outs and can turn 20 to 48 inch diameter blocks into wood piles faster than comparable single stroke machines with less effort.

CLEAN, DEPENDABLE, FUEL-EFFICIENT POWER —AND PLENTY OF IT.

Power is the key to superior tractor performance, and the M7 has plenty of power. But when a particularly tough job demands even more power, the M7 activates its Power Boost, and the engine instantly delivers more power to let you finish what you started.

The New M7 offers superior hydraulics and sophisticated control to get the job done quickly and efficiently. Kubota's V6108 engine delivers 168, 148, or 128 HP (3 models).

**X7
VT-DRIVE
SERIES**

Each McCormick tractor reflects the passion and dedication of those involved in its design, testing and production. The new X7 VT-Drive tractors offer the ultimate in performance, technology, operator comfort and ease of operation. Two models in the range are powered by the new BETAPOWER diesel engines with multivalve technology and common rail direct fuel injection. These engines meet Tier 4i emission regulations using advanced SCR. The X7.450 VT-Drive model features a 4-cylinder engines that generates up to 160 horsepower, while the X7.670 VT-Drive model boasts a 6-cylinder engine that delivers a massive 194 maximum horsepower to get the job done. The electronically-controlled rear hitch with draft sensing provides a maximum lift capacity of 20,500 lbs (9300 kg) and allows precise control of mounted implements. The Premiere Cab is a true high-tech control center that allows the operator to work the tractor with maximum ease and comfort. The cab features the Data Screen Manager (DSM) as standard equipment on the VT-Drive models.

YOU'LL RUN OUT OF JOBS BEFORE IT RUNS OUT OF MUSCLE.

We hear it all the time. You want a tractor that has the size, comfort and simplicity of a compact, but with additional muscle to handle bigger jobs like mowing and loader work. The Massey Ferguson® 2700E Series is the perfect fit. It's ideal for large properties, hobby farms, even landscaping businesses. Solid, stable and boasting a tight turning radius, these versatile tractors will get after some of your hardest jobs around the yard or barn.

FROM MASSEY FERGUSON
A world of experience. Working with you.

Landini

THE 4 SERIES is the very latest addition to the Landini tractor family. Designed to replace several heritage series tractor lines with a single, more versatile range, the 4 Series fully revolutionizes Landini's low- & medium-power segment.

SIX MODELS ranging from 64 to 107 hp, and are powered by Deutz 4-cylinder engines that meet the EPA's strict Tier 4i emissions requirements.

www.landini.ca

12X12 SHUTTLE AND POWERSHIFT

The 4 Series tractors feature a versatile, modular 12x12 transmission with four synchronized gears in three ranges

DELUXE CAB

Designed to offer best-in-class operator comfort, the cab of the 4 Series tractors has an automotive-style interior with ergonomically arranged controls providing a safe and stress-free working environment for long hours in the field

HIGH PERFORMANCE HYDRAULICS

Featuring two gear-type pumps, one feeding the steering system and the other operating all hydraulic functions, the hydraulic system in the 4 Series has the braun to handle heavy demands.

CHATHAM Profotas Farm Equipment 519-354-5100

DOUGLAS Bromley Farm Supply 613-649-2457

Why a chevron reel design? Because it matters.

Imagine if the tires on your pick-up had steel bars straight across the tire every five inches around. You would hop and lurch and bounce down the road and it would be incredibly rough. It might be a ride you'd rather avoid.

Yet, most reels attached to tillage tools are a straight bar design that does pretty much the same thing. They hop and lurch and bounce across the field and the soil behind them certainly shows the evidence.

Our exclusive Sunflower chevron reel design has raised sections that never lose contact with the surface. In fact, you can smoothly roll them across floor. The result is reels that pull 30% easier, eliminate vibration and conditions your soil more uniformly.

MANUFACTURERS OF SNOWBLOWERS, LAND ROLLERS, SWEEPERS, STONE WINDROWERS

3 POINT HITCH SWEEPER

- 24" x 6' brush
- PTO drive
- Rear mount 3 PH or front mount kits available
- Adjustable angle
- Adjustable Caster wheels
- Other sizes & models available

28FT FOLDING STONE WINDROWER

This Smyth built rake features a 28' raking path with a 5' windrow. Single remote hydraulics allows you to add the optional rear hitch to pull a hydraulic picker behind. Hydraulic depth wheels with manual depth stop lets you fine tune your working depth to suit your field conditioning and soil types. The large 24" diameter double spiral drum with narrow, hardened teeth means you move stones not dirt without excessive soil compaction.

VERTICAL WING LAND ROLLERS (VS)

Sizes from 22' to 34', over centre action requires no lock up, 30" diameter rollers, 3/8" thick material 2" main bearings cylinder & hoses included Transport lighting included.

FENDT

All farmers work hard.

But for the dairyman, it never quits.

Cows don't take vacation. They depend all the time, every day, on the dairyman to feed them and care for them.

For the dairyman it's a non-stop effort. So he needs a tractor that's up to the task and that won't let him down.

On more and more dairy farms, that means deciding to buy a Fendt tractor. Because for the many tasks you find on a dairy, there are things about a Fendt you just can't find on any other tractor for any price. Make a plan today to try the tractor that has The Best Run Operations—including many of the best run dairies—Run Fendt.

**NEW SERIES II
DISCOUNT PRICES.
LIMITED STOCK**

No other corn head in the field is engineered to capture more yield! Which will you choose? Drago Series II or Drago GT exclusive Trade In acre deals on current Drago customers. We welcome trades for Drago series I and series II.

Efficiency. Versatility.

AGRONOMIC INTEGRITY.

The next generation Joker RT from HORSCH gives you true efficiency, not only in working speed, but also the versatility of performing many different tasks with agronomic integrity. From preparing seedbeds that promote rapid emergence, precisely incorporating fertilizer and chemicals for maximum effectiveness, to shredding crop residues for fast decomposition, the Joker RT provides a single tool that will ultimately secure your inputs and potential yields. That means a better return on your tillage investment and more agronomic value to your operation.

"I HELP FARMERS GET FARM LOANS"

My name is Elizabeth Gnoinski, Mortgage Agent. My parents owned a dairy farm in Ontario. My brothers and sisters all helped out with the farm. My dad got sick, the bank refused to give us time to sort out our finances, and we lost our farm through no fault of our own. I will never forget that!

I grew up and had a hobby farm. It was a tough go with brutal cold and snowy winters and a short growing season.

I UNDERSTAND THE CHALLENGES YOU FACE!

I became a licenced mortgage agent with **Expert Mortgage** so that I could help farmers across Ontario.

I specialize in **AGRICULTURAL LENDING**. With over 400 private lenders to back me combined with my farming background, **I work hard for you!**

Rates from **2.10%**
As of July 2016 OAC
— Based on 5 year term
35 years
Amortization on non working farms

Even if you have **BAD CREDIT & NO PROOF OF INCOME**, I can still help you.
I do RESIDENTIAL, COMMERCIAL & CONSTRUCTION LOANS too!

I REPRESENT OVER 400 LENDERS

Many provide 1st, 2nd and 3rd mortgages **even** with:

- Horrible Credit
- Bankruptcy
- Unemployed
- Mortgage Arrears
- Property Tax Arrears
- Power of Sale
- Self-Employed
- Pension & Disability

Does Your bank offer payments **THIS LOW?**

Mortgage Amount	Monthly Payment	Bi-weekly Payment
\$200,000	\$677.03	\$312.33
\$220,000	\$744.73	\$343.56

Most banks underwrite loans using standard commercial lending guidelines that don't make any sense for farms. Being a Specialist in farm loans, I understand the farming community.

Talk to me if you'd like to ...

- Buy more land or new equipment
- Repair or construct new buildings
- Refinance your existing debts
- Buy quota

I can offer qualified farmers ...

- Up to 80% of **FULL** farm value
- Up to 30 year amortization
- Operating lines of credit

CALL ME EVEN IF EVERYONE ELSE HAS SAID NO!

With over 400 lenders at my disposal I can get you a mortgage even with...

- **Bad credit**
- **Poor cashflow**
- **Power of sale**
- **Mortgage arrears**
- **Tax arrears**
- **No financials**

2016 Great Ontario Yield Tour

Follow the Great Ontario Yield Tour!

August 15th – 26th, 2016

Will yields be higher or lower
this year?

Will your basis be higher or lower?

The **Great Ontario Yield Tour** will take place in August. Teams will span out across the province to analyze the health and size of the corn and soybean crops to determine how the growing season is impacting the 2016 yields for the Ontario crop. With this information, the Farms.com Risk Management team and Tour sponsors will provide the 2016-17 grain forecast for Ontario Farmers.
