# X5 SERIES

- ▶ X5.30
- ▶ X5.40
- ▶ X5.50

Built for versatility these powerful machines excel in operations such as hay, livestock, small scale crop production, specialty applications, loader work and the list goes on. Boasting a powerful line of efficient Perkins 4 cylinder diesel engines, the new X5 range includes 3 models ranging from 95 - 113 maximum engine horsepower. The X5 series raises the bar for what a utility tractor should be.

MASSEY FERGUSON

## MORE UPTIME. MORE PERFORMANCE. MORE COMFORT. LESS MAINTENANCE.

For nearly 170 years, our customers have helped us engineer better tractors. The versatile new Massey Ferguson® 7700 Series is no exception. It packs the power and performance of a row crop tractor, on a frame and suspension that makes it nimble around the barn, too. Plus, the new Engine Power Management System monitors load to boost horsepower and performance. And maintenance-free SCR technology cuts downtime and operating costs.

**FROM MASSEY FERGUSON**  
A world of experience. Working with you.

# MTZ Big Tractors No Computers No DEF

The MTZ Factory, located in Minsk, Belarus, is one of world's largest tractor manufacturers, serving Canadian farmers since 1968. The factory produces heavy, rugged and reliable tractors, with no computers, no complicated electronics, no DEF. Over 70% of service calls on new tractors sold today are related to sensors, emissions, computer error codes and electronics. Dealers are constantly paying for upgrading their repair equipment, and those costs are passed to farmers as higher service bills. MTZ tractors, with up to 5 yrs power train warranty, offer simple, reliable mechanical design that can be maintained with most basic tools. Therefore they are much more economical to own and operate for many years.

## Landini

THE 4 SERIES is the very latest addition to the Landini tractor family. Designed to replace several heritage series tractor lines with a single, more versatile range, the 4 Series fully revolutionizes Landini's low- & medium-power segment.

SIX MODELS ranging from 64 to 107 hp, and are powered by Deutz 4-cylinder engines that meet the EPA's strict Tier 4i emissions requirements.

[www.landini.ca](http://www.landini.ca)

#### 12X12 SHUTTLE AND POWERSHIFT

The 4 Series tractors feature a versatile, modular 12x12 transmission with four synchronized gears in three ranges.

#### DELUXE CAB

Designed to offer best-in-class operator comfort, the cab of the 4 Series tractors has an automotive-style interior with ergonomically arranged controls providing a safe and stress-free working environment for long hours in the field

#### HIGH PERFORMANCE HYDRAULICS

Featuring two gear-type pumps, one feeding the steering system and the other operating all hydraulic functions, the hydraulic system in the 4 Series has the braun to handle heavy demands.

**Box Blade**

**Straight Blade**

**Minimum Road  
Transfer Width**

**Reverse Box  
Blade**

The SnowWing's design allows you to handily change from a traditional box blade to a straight blade, with the added bonus of extra clearing width. But it doesn't stop there: the endplates are hydraulically-controlled and equipped with industry-proven rotary actuators, giving you rugged and limitless control within the massive 180 degree rotation. This means you can use your blade on an angle with one end open and the other parallel to the direction you are driving. This allows you to get closer to buildings and parking stones with less chance of damage and better clearing results. With the endplates in their full open position, the blade can be used as a reverse box blade allowing you to back drag snow for full clearing even in the tightest of spaces.

[www.kearneyplanters.com](http://www.kearneyplanters.com)

It's not vertical tillage. But it's not traditional, either. The new generation HORSCH Joker RT can't be marginalized to a label, because it's "agronomically correct." Based on solid farming principles, it's designed as a do-it-all tillage, chemical incorporation and seedbed prep tool. Aggressively size the toughest residue, accurately incorporate chemicals, and smooth a seedbed at a scorching 8-12 mph. No matter the type of operation, the Joker is the "correct" choice.

**Aggressive. Precise.**

**AGRONOMICALLY CORRECT.**

**HORSCH**

*Farming with passion*

Kubota

## IF ONLY THE WEATHER CAME WITH A 6-YEAR WARRANTY.

At Kubota Canada we make exceptional quality products. To prove it, we've introduced our best warranty ever: Enjoy a Free 6-year warranty or 3,000 hours\* on BX, B and L Series tractors, and 6 years or 5,000\* hours on applicable M Series tractors. Because we're not only confident in our products, we're also committed to providing our customers with the best possible experience.

\*Whichever comes first. This warranty is only valid in Canada to Canadian Market Products distributed by Kubota Canada Ltd. Available on BX, B, L, MX, M, H5 and M8 Series tractors. See your dealer for complete details.

# SPLITS LOGS BOTH WAYS

Self contained, 3-point-hitch or skid steer mount, all Split-Fire log splitters feature a unique 2-way splitting action from the knife that splits wood in both the forward and reverse stroke, doubling productivity and saving time!

These safe, compact 2-way log splitters prevent dangerous wood fly-outs and can turn 20 to 48 inch diameter blocks into wood piles faster than comparable single stroke machines with less effort.

*Quality Built For High Performance*

# Seasons Greetings

## "I HELP FARMERS GET FARM LOANS"

My name is **Elizabeth Gnoinski, Mortgage Agent**. My parents owned a dairy farm in Ontario. My brothers and sisters all helped out with the farm. My dad got sick, the bank refused to give us time to sort out our finances, and we lost our farm through no fault of our own. **I will never forget that!**

I grew up and had a hobby farm. It was a tough go with brutal cold and snowy winters and a short growing season.

### I UNDERSTAND THE CHALLENGES YOU FACE!

I became a licenced mortgage agent with **Expert Mortgage** so that I could help farmers across Ontario.

I specialize in **AGRICULTURAL LENDING**. With over 400 private lenders to back me combined with my farming background, **I work hard for you!**

Rates from  
**2.10%**  
As of October 2016 OAC  
- Based on 5 year term  
**35 years**  
Amortization on non-working farms

**Even if you have BAD CREDIT & NO PROOF OF INCOME, I can still help you.  
I do RESIDENTIAL, COMMERCIAL & CONSTRUCTION LOANS too!**

## I REPRESENT OVER 400 LENDERS

Many provide 1st, 2nd and 3rd mortgages **even** with:

- Horrible Credit
- Bankruptcy
- Unemployed
- Mortgage Arrears
- Property Tax Arrears
- Power of Sale
- Self-Employed
- Pension & Disability

Does Your bank offer payments **THIS LOW?**

Mortgage Amount	Monthly Payment	Bi-weekly Payment
\$200,000	\$677.03	\$312.33
\$220,000	\$744.73	\$343.56
\$240,000	\$812.44	\$374.79
\$260,000	\$880.14	\$406.02
\$280,000	\$947.84	\$437.26
\$300,000	\$1,015.55	\$468.49
\$320,000	\$1,083.25	\$499.72
\$340,000	\$1,150.95	\$530.95
\$360,000	\$1,218.65	\$562.19
\$380,000	\$1,286.36	\$593.42
\$400,000	\$1,354.06	\$624.65

Ontario Premier Kathleen Wynn and Larry Davis from OFA with my daughter, 4H Beef Club Show Paris Fair 2013

**CALL LIZ NOW**  
to put your mind  
at ease

As of October 2016 OAC

**Call me 7 DAYS A WEEK for a confidential consultation  
Toll Free Across Ontario 1-855-755-1904 or Cell 519-755-1904  
Or send me a question online at [liz@lizthewiz.com](mailto:liz@lizthewiz.com) Visit [www.LizTheWiz.com](http://www.LizTheWiz.com)**

**Most banks underwrite loans using standard commercial lending guidelines that don't make any sense for farms. Being a Specialist in farm loans, I understand the farming community.**

Talk to me if you'd like to ...

- Buy more land or new equipment
- Repair or construct new buildings
- Refinance your existing debts
- Buy quota

I can offer qualified farmers ...

- Up to 80% of **FULL** farm value
- Up to 30 year amortization
- Operating lines of credit

### CALL ME EVEN IF EVERYONE ELSE HAS SAID NO!

With over 400 lenders at my disposal I can get you a mortgage even with...

- **Bad credit**
- **Poor cashflow**
- **Power of sale**
- **Mortgage arrears**
- **Tax arrears**
- **No financials**

## Fabricating

519-335-4135 • mar-llo@mwpol.ca

**BearClaw**

**EASYVEY**

**Hay Handler**

### THE LATEST IN BALE SHREDDING

The all-new BearClaw Bale Processor is a bale shredder and blower unlike other bale processors. One of the BearClaw's most note-worthy features is it's absence of knives. No more sharpening knives when you should be in your barn bedding your cows. The BearClaw utilizes a nifty hook and screen setup to provide a long lasting shredding system.

**BearClaw**  
SHEAR • PUNCH • SORT

### Hay Handler

You already know how weather-dependent making premium hay can be. It's the Hay Handler's job to work on your side, making the most of the haying windows the weather permits you. With it, you can merge invert, fluff or windrow your cut swaths.

But what sets the Hay Handler apart is the ease with which it handles hay pickup. With it, you can pick up a 10' wide swath of hay that has been laid out by your discbine and reduce it's drying time. With the hay handler, you can mow in the morning and do haylage in the evening.

**DON'T BE DISAPPOINTED... PRE-ORDER YOUR CONVEYOR EARLY!**

### Seed Transport Tube Conveyor

Gently handles fragile soybeans, peas, seeds and other delicate crops

- Model 8"/26' & 8"/31' are standard sizes
- New product line, models 10"/31' & 10"/41'
- Hopper height adjustable to fit gravity wagons or tote bags
- 10" wide crescent top belting runs inside 8" tube
- Conveys materials up to a 30° incline
- 3 stage telescopic down-spout adds to your filling convenience
- Hydraulic or electric powered
- Other sizes made to order

Working land is leased until fall of 2016. \$995,000. *Listing 591*

## FARM VALUES INCREASE ACROSS ONTARIO

*Value has increased by 16 percent increase year over year*

In mid-October, the Municipal Property Assessment Corporation (MPAC) began mailing Property Assessment Notices to Ontario farm property owners. The 2016 notices provide the classification and updated assessed value.

According to MPAC, sales data of farmland sold to farmers shows farmland in Ontario has increased in value an average of 16 percent per year since 2012. MPAC suggests that high demand in some parts of the province account for the increases in farm values. Farm Credit Canada figures also confirm that Ontario farm values have been increasing since 1988.

To determine farmland values MPAC collects data of sales of farmland to farmers," said Rose McLean, MPAC's Vice-President and Chief Operating Officer. "Sales of farms to purchasers who intend to use them for other purposes are not included."

Every four years MPAC conducts a province-wide Assessment Update and mails Property Assessment Notices to every property owner in Ontario. In 2016, MPAC is updating the assessed values of every property in Ontario. All properties will have a legislated valuation date of Jan 1, 2016.

Property owners can visit [aboutmyproperty.ca](http://aboutmyproperty.ca) to learn more about market trends in their area and how their property was assessed. By using the Roll Number and unique Access Key on their Property Assessment Notice, farmers can also see the information MPAC has on file for their property and compare it to others in their area.

Property assessment information is provided to municipalities for property tax purposes.

For more information: visit [aboutmyproperty.ca](http://aboutmyproperty.ca) or call MPAC at 1 866-296-MPAC (6722).
